FORUM AND DEVOTIONAL ASSEMBLIES

Assemblies will be held in the fieldhouse each Tuesday and Thursday at 10:00 a.m. The Tuesday devotional and Thursday forum assemblies each will carry one credit hour per year or 1 credit hour per semester. To receive credit for either forum, which includes those assemblies presented by the student body, or devotional assemblies a student must register for and attend eleven each of either the forum or devotional assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a forum or devotional assembly is held each semester.

During a student's college career at B.Y.U. he may apply a maximum of four semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see Page 5 of this schedule.) Credit for forum assemblies may be counted only toward total

credit for graduation.

These assemblies are designed to promote spiritual, intellectual, and cultural growth; and every student is encouraged to attend them.

ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice each month in the office of the dean of admissions and records.

1 HOW TO REGISTER

Report to the northeast entrance of the fieldhouse 15 minutes before your scheduled registration time. Written instructions outlining the registration procedure will be given to you at that time.

2. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

3. LATE REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 percent of the rate for regular students. A fraction of an hour is counted as a full hour for assessing fees.

4. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out at the end of the third week and will include names of all students registering for that class. Students whose names appear on the rolls are officially registered; others should be referred immediately to the Registration Office, A-153 ASB.

5. REGISTERING FOR BLOCK-PLAN CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-plan class must do so at the time of his original registration at the beginning of the semester. No block-plan class may be added after Wednesday, February 16, 1966.

DROPPING AND ADDING CLASSES

Students should exercise great care in completing their initial registration. Making changes in registration results in inconvenience for the student and unnecessary costs for the University.

All changes in registration must be approved by the student's adviser, the instructor(s), and the dean of the college in which the student is officially enrolled. Changes in a student's original program may not be made until February 4. During the period from February 4 through February 16, a student may add and drop classes if his adviser, instructor(s), and dean agree that the change is advisable. When a student officially withdraws from a class during this period, his permanent record does not show a registration for that class. In exceptional cases students may withdraw from classes until April 8. Withdrawals after February 16, however, are for emergency reasons only. During this period if a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is doing failing work, his permanent record will carry a "WE" which is equivalent to an "E" grade in calculating a grade-point average.

In those cases where it is necessary for a student to make changes in registration, the following procedure should be followed:

- (1) Obtain a change-of-registration card form registration personnel, 249 ELWC from February 4 to February 16.
- (2) Consult with your faculty adviser. If the adviser recommends the change, obtain his signature on the change-of-registration card.
- (3) Obtain the consent and signatures of the instructors involved.(4) Obtain the consent and the signature of the dean of your college.
- (5) Pay a one-dollar fee to the University cashier if the change is made February 9 or thereafter.
- (6) Return the change-of-registration card to the registration personnel within three days from the time the card was originally issued.

Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

Late registration of students will end on February 16. No student (unless he has just been released from a mission or active duty with the Armed Forces) may register after that date.

Students completely withdrawing from school after February 16 must be doing passing work in each class if they are to discontinue the class without academic failure. In order to officially withdraw from the University it is necessary for students to clear through the Dean of Students Office.

Students who register for either 1st or 2nd block-plan classes during the regular or late registration and desire to make a change must do so by February 16,

1966.

7. EXTRA FEE FOR EVENING CLASSES

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Day students may register for these classes at the time they register for their day classes. Those registering for evening classes only will register, pay fees, and finalize at the Department of Evening Classes offices in the Herald R. Clark Building. Those registering for Evening Classes only should contact the Department of Evening Classes office for registration dates.

AMERICAN HISTORY AND GOVERNMENT REQUIREMENT

The American history and government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. The examination, which is optional, will be announced in the Daily Universe early in each semester. Students must place in the 90th percentile or above in order to

be exempted from taking the course.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, secondary education (social science) or elementary education take whichever of the following combinations is recommended for their field: History 120 and 121, History 120 or 121 and Political Science 110, or Economics 274 and Political Science 110. Other students may also elect these combinations instead of History 170. A student taking one of these combinations may, for general education group-filling purposes, elect to apply either of the courses to the American history and government requirement and the other to the general education category in which the course is regularly listed.

10. GENERAL EDUCATION REQUIREMENTS IN RELIGION

Two semester hours in religion are required for each full-time registration at B.Y.U. up to a total of sixteen semester hours. Part-time students are required to complete one semester hour in religion for each eight hours carried at B.Y.U.

Freshmen and transfer students commencing their first year at B.Y.U. are required to take the following:

Religion 121, 122. Introduction to the Book of Mormon.

Sophomores and transfer students who have completed one year at B.Y.U. may choose four hours from the following courses to satisfy the religion requirement.

Religion 211, 212. Introduction to New Testament.
Religion 241, 242. Latter-day Saint History.
Religion 230, 231. The Gospel in Principle and Practice.
Religion 232, 233. Missionary Approach to the Gospel.

Religion 234, 235. Missionary Approach to the Gospel in French.

Religion 261, 262. Introduction to Genealogy.

Juniors and seniors who have completed the required courses and transfer students who have completed the required courses and at least two years at B.Y.U. may choose four hours from the following courses to satisfy the religion requirement.

Religion 301, 302. Introduction to the Old Testament and Its Teachings. Religion 324, 325. The Doctrine and Covenants.

Religion 327. Introduction to the Pearl of Great Price. Religion 331, 332. Analysis of L.D.S. Teachings. Religion 365. Applying Gospel Principles in Scouting.

Religion 401. Israel's Prophets.

Religion 411, 412. Life and Teachings of Jesus, Paul, and the Apostolic Church.

Religion 421, 422. History and Teachings of the Book of Mormon.

Religion 435. Mormonism and Modern Scientific Thought. Religion 438. Your Religious Problems.

Religion 441, 442. History and Doctrine of the Church.

Religion 451, 452. Christian History through the 15th Century; Christian History after the 15th Century.

Religion 453. World Religions. Religion 454. American Religions and the Rise of Mormonism. Religion 460. Priesthood, Church Government, and Welfare.

- Graduate courses (catalog number 500 and above) and philosophy courses do not satisfy the general education requirements in religion.
- Devotional Credit may be taken at the rate of one credit per year. Up to four hours of devotional credit may be used to fulfill the sixteen-hour religion requirement.
- Interpretation of University Policy on General Education Religion Requirements:
 - 1. Freshman and Sophomore Registrations Although students at B.Y.U. may register for more hours in religion than required in the freshman and sophomore years, and have the extra hours count as elective credit toward graduation, no more than 10 hours in religion can be accumulated in the freshman and sophomore years toward the fulfillment of the University general education requirement in religion. A student must complete 6 hours toward the University requirement during the junior and senior years, part of which may be satisfied by the devotional credit. (See "E" above.)
 - 2. Two-year programs, such as those offered through the General College and the College of Nursing, etc., will require only eight hours of religion even though a student may take longer than two years to complete the program. Students enrolled in the fifth year bachelor's degree, such as engineering, will not be required to take religion in their fifth They will, however, be held for the religion requirements up through the completion of the regular four-year program.
 - 3. Transferees from L.D.S. Colleges Transferees from Ricks College and the Church College of Hawaii have their credit in religion appraised as if it had been taken at B.Y.U. so far as the above rule is concerned. (See Rule 1.) However, they may transfer no more than six semester hours for one year's work or no more than ten semester hours for two years' work toward the satisfaction of the general education requirements in religion. (See Rule 6 below.)
 - 4. Transferees from Colleges Which Accept Institute Credit Transferees from other colleges who present college transcripts of credit for Bible studies taken at L.D.S. Institutes of Religion shall receive full credit for such courses as if they had been taken at B.Y.U. (See "6" below.)
 - 5. Transferees from L.D.S. Institutes Transferees presenting institute credit in religion for courses other than those accepted by the adjacent college will be appraised as follows: (a) The credit will be accepted on transfer only if the institute director certifies that the course was taken for institute credit and was covered in accordance with college standards, and providing the student does not present more than the maximum number of hours acceptable at B.Y.U. for a single semester when combining his college and institute credit. If the combined credit earned at a college and institute in a given quarter or semester exceeds that permitted at B.Y.U., the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit up to the prescribed limit. (See "Limitations on Credit in One Semester," p. 9, University catalog.)
 (b) A student may not transfer to B.Y.U. from institutes more than six semester hours for one year's work or ten semester hours for two years' work toward the satisfaction of the general education requirements in religion.
 - 6. Application of Transfer Credit to B.Y.U. Requirements Acceptable transfer credit (as per Items 3, 4, and 5 above) may be

used to meet the requirements of sixteen hours, but until the combined acceptable transfer credit and the B.Y.U. credit total sixteen hours, two hours must be taken for each semester in residence at B.Y.U.

7. Special Students
Special students must present one hour of credit in religion for each eight hours of collegiate work completed as a special student. A special student should keep the ratio of one hour of religion for each eight hours of collegiate work completed as a special student and shall be required to keep the rate current at the end of every two-year period. For any term in which a student registers as a regular student (ten hours or more) he must present two hours of credit in religion.

8. Summer School
A student is not required to register for a course in religion in Summer School; however, if he intends to apply the summer work toward graduation, he must present one hour of credit in religion for each eight hours of summer work and two hours of credit in religion for each full summer's work in which he registers for ten hours of credit or more (until he completes the requirement of sixteen semester hours of credit in religion.)

Definition of an Undergraduate
 A student will be considered an undergraduate, for the purpose of applying the above rules, until either he has received his undergraduate degree or has completed the requirements for graduation.

 Students Required to Study Off Campus

Students kequired to study Oil Campus
Students who do part of their collegiate work off campus under the requirements of their respective departments will be required to have two hours' credit in religion for such semesters as they are off campus only when the University provides opportunities for the taking of such courses.

11. Bible Credit from Non-L.D.S. Colleges and Universities

Transfer students coming to B.Y.U. and bringing Bible credit obtained from accredited non-L.D.S. universities and colleges will have this credit accepted by B.Y.U., and it will be applied as elective credit toward the total hours required for graduation. However, regardless of the amount of Bible credit presented, it will not satisfy the general education requirements in religion, such transfer students being required to obtain two hours in religious instruction for each semester in residence on the B.Y.U. campus.

12. Requirement in Religion for Credit Completed at Continuing Education Centers

When credit which is completed at Brigham Young University Continuing Education centers is applied toward graduation, the student must have completed one hous of credit in religion for every eight hours of academic credit which is applied toward graduation. No more than twelve hours of credit completed in religion at Continuing Education centers may be applied toward the total sixteen-hour requirement.

11. COUNSELING SERVICE

All students in the University, regardless of where registered have the advantages of the Counseling Service. All new students in particular are encouraged to check with the Counseling Service at some time during their first year at B.Y.U. to discuss the results of their orientation tests and other concerns which they may have.

Staff members of the Counseling Service are professionally trained in counseling psychology and related disciplines. Such training enables them to offer professional assistance with problems such as the selection of a major or a vocation, study problems, and personal or emotional problems. Students utilizing the service can be assured of reliable professional assistance and complete confidentiality.

12. LIMITATIONS OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. Auditing of classes, regis-

tration by correspondence, or registering for evening classes, or off-campus courses constitutes a part of the student's total registration. Any exceptions to the above rules shall be presented to the dean of admissions and records by the dean of the college concerned.

13. EVALUATION OF TRANSFER CREDIT

At Brigham Young University a student has completed the general education requirements except religion and American history and government if he has graduated from any accredited, two-year collegiate institution having a pattern of general education similar to that at B.Y.U., providing that he presents satisfactory evidence of having completed these general education requirements. Also, a student has completed the general education requirements except religion and American history and government if he transfers to Brigham Young University from an accredited four-year college or university having a pattern of general education similar to that at B.Y.U., provided that he presents satisfactory evidence of having completed the general education requirements of his former college. Other students will have their transcripts evaluated in terms of the B.Y.U. program and will be notified as to what remains to be completed prior to or during their first semester at B.Y.U.

14. MAJOR AND MINOR REQUIREMENTS

At the time of his graduation the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high school and college work shows evidence of deficiencies in scholarship, breadth of training, or preparation for future activity, the chairman of the department, in consultation with the dean, may prescribe certain additional specified courses according to the needs of the particular student.

15. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college.

16. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration at the University are required to clear their termination—first, through the office of their dean, and, second, with a member of the dean of students staff. Students withdrawing from the University after the third week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the dean of students. Single students under 21 discontinuing must have a letter signed by their parents authorizing their discontinuance before said discontinuance can be official.

17. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 percent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student reported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for disciplinary reasons.

No refund will be made directly to an unmarried student under twenty-one years of age unless the student has the written permission of his parents or legal guardian.

18. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DEGREE

A student holding a bachelor's degree from a four-year institution after proper admission in the Graduate School may register at Brigham Young University as follows:

A. Under regular degree-seeking classification.

B. As nondegree-seeking student.

19. REGISTRATION IN THE GRADUATE SCHOOL

No student may register in the Graduate School unless he holds a bachelor's degree from a four-year accredited institution. Registration packets will be prepared for all students who were enrolled in day school for either of the two previous Summer School terms or during the preceding semester. All other students must apply for admission or readmission before a packet will be made.

A. Nondegree-seeking students

Nondegree-seeking students register at the table of the graduate dean. His signature only is required on the final registration form. Students taking courses in the fields of education will be referred to the Graduate Department of Education for counsel before receiving the dean's signature on the final registration form. A student must take not fewer than 15 semester hours of credit following his admission on a full degree-seeking basis and the official formation of his advisory committee. No credit that is not recommended by an advisory committee is acceptable toward a graduate degree.

B. Degree-seeking students

Degree-seeking students, whether admitted on a provisional or a full degree-seeking basis, start their registration in the department in which they have been admitted.

- 1. Students who have not been assigned an advisory committee will register directly under the department chairman or the graduate faculty member designated by the chairman.
- 2. Students who have been assigned an advisory committee start their registration with the chairman of that committee whose signature is required before the final registration card is signed by the graduate dean. Such students will be expected to complete at once, with the approval of the chairman of that committee, the official course outline form, to be secured at the Office of the Graduate Dean. This form lists the full program of course requirements for the graduate degree. When this is completed and approved, a copy should be forwarded to the Office of the Graduate Dean.

Graduate students spending full time on their academic programs are permitted to register for 9 to 16 semester hours of credit during Fall Semester. A registration overload is not permitted.

20. FACULTY REGISTRATION FOR COURSES OF STUDY

A. Full-Time Teaching Faculty

Full-time teaching faculty will be granted remission of tuition with no limit as to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition with no limit as to the number of hours, day or night. (Husbands of female faculty members are not granted this privilege.)

B. Administrative Personnel

Full-time administrative personnel will be granted remission of tuition with no limit to the number of hours, except that a maximum of five hours of credit will be permitted during the daytime hours. Their wives are granted remission of tuition and fees, with no limit as to the number of credit hours, day or night. (Husbands of female administrative personnel are not granted this privilege.)

C. Full-Time Permanent Staff

Full-time permanent staff members and their wives are granted remission of tuition up to five hours per semester, except that for the staff members these credits may not be taken during regular working hours. During the summer session the same program will be followed except that there will be a limit of three hours of credit per term. (Husbands of female staff members are authorized no remission of fees.)

- D. Part-Time Faculty
 - Part-time faculty members (not student teachers) are entitled to receive remission of tuition up to the number of hours which they teach, but not to exceed five hours. Spouses of part-time faculty members are not entitled to remission of tuition.
- E. Faculty members or their wives who register for course work should do so on registration day, acording to the alphabetical order of the day. If faculty members register after the first week of the semester, they will be charged a late fee. Their wives will be charged a late registration fee if they register after registration day. Registration materials will be ready for those who have made clearance with the Office of Admissions and Records at least one week prior to registration.
- F. All part-time staff members must pay the regular fees for registration in courses.

21. FINAL EXAMINATIONS

No teacher shall be authorized to complete a final examination before the

officially scheduled time in the final examination week.

A student who misses the final examination must have a good and sufficient reason for so doing and must have the consent of the instructor and the approval of the dean of his college. After meeting these requirements the student shall be given an incomplete which can be removed by later examinations within the official time limits established for incompletes and by the payment of a \$3.00 fee.

22. GENERAL FEES

L.D.S. Church Members, full time (over 9 credit hours)

Tuition and Fees	First Semester \$165	Second Semester \$165	School Year \$330
Nonmembers, full time (or	ver 9 credit hours)		
	First Compaton	Second Competer	Cahaal Vaan

First Semester Second Semester School Year \$220 \$220 \$440

Part-time Students (9 credit hours or less per semester, except graduate students) (The tuition and fees paid as a part-time student do not entitle one to health service or student activity privileges.)

	L.D.S. Church Members	Nonmembers
Minimum tuition and fees	\$ 31.00	\$ 43.50
3 credit hours	43.00	60.00
4 credit hours	55.00	76.50
5 credit hours	67.00	93.00
6 credit hours	79.00	109.50
7 credit hours	91.00	126.00
8 credit hours	103.00	142.50
9 credit hours	115.00	159.00

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, three hours of lecture a week would be considered three semester hours and would be charged for accordingly. Therefore, if a student were taking 8 credit hours plus a noncredit class involving two or more lecture hours per week, he would be considered a full-time student and must register as a full-time student. For courses in which no lecture hours are involved—for example, doctoral dissertations—tuition and fees will be handled on an individual basis, to be resolved later.

A fraction of an hour is counted as a full hour for assessing fees.

23. SPECIAL FEES

AUDITING FEES

The charge for auditing courses is the same as for taking them for credit. LATE-REGISTRATION FEE

Late-registration fees will be assessed all regular and part-time students (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

2. After the fifth day following the scheduled registration date\$10.00 Late fees for special students will be assessed at fifty percent of the rate for regular students.

Any student whose checks are dishonored by his bank will be charged a handling fee of five dollars. If the check was for tuition, there will be an additional charge of the late fee in effect at the time the check is redeemed.

for each additional copy.

REMOVAL-OF-INCOMPLETE-GRADE FEE

If a student does not complete an incomplete course within one year from the date the incomplete grade was given, his grade for the course automatically becomes an "E."

Fee to be paid before incomplete is removed and permanent grade recorded. \$3.00

24. JUNIOR ENGLISH PROFICIENCY REQUIREMENT

Each student with more than sixty semester hours of credit who has completed his freshman composition requirement must take the Junior English Proficiency Examination during the first semester in which he is eligible for it. If he fails this examination, he must take a noncredit remedial course during the next semester in which he is a full-time student to correct his deficiency before he may take the Proficiency Examination again. Passing this examination is a graduation requirement.

Since each student should have completed this examination requirement during his junior year, application for graduation will not be considered until the applicant has passed the Junior English Proficiency Examination. Each prospective graduate must complete this examination requirement at least one month prior to

graduation or postpone graduation until the next commencement.

The examination is a standard one which measures comprehensively the full range of skills involved in the process of good writing, and effectiveness and appropriateness of expression. In one section of the examination the student is asked to identify an error or weakness in a passage and to show that he recognizes the error by selecting a revision from the four choices supplied which most satisfactorily solves the problem in relation to the purpose of the writing. In another section the student is asked to demonstrate his own ability to limit, organize, and develop a topic by writing a theme on a topic supplied by the examiner.

The Junior English Proficiency Examination will be given two times during

Spring Semester: Saturday, February 12, 1966, and Saturday, April 9, 1966.

25. ACADEMIC STANDARDS

Students at Brigham Young University are expected to attain the following minimum grade-point average for their particular class in school:

Freshmen (students who have accumulated 31 semester hours of credit or less) are required to maintain a 1.75 (C-) grade-point average in order to be considered in good academic standing.

Sophomores, juniors, and seniors are required to maintain a 2.00 (C) grade-point average on all work beyond the first 31 semester hours of credit.

A student receiving a degree from Brigham Young University must have earned a cumulative grade-point average of 2.00 or a 2.00 grade-point average on all academic work taken after September 1960 before he will be allowed to register for the final semester or work leading to a degree. Grade-point averages are computed on this basis: "A" equals 4 grade points; "B" equals 3; "C" equals 2; "D" equals 1; and "E", "WE" and "UW" each equal 0.

Categories of academic status are as follows:

WARNING. A student whose B.Y.U cumulative grade-point average is above the minimum standard required for his class (1.75 for freshmen and 2.00 thereafter) but whose grade-point average for the last semester was below the minimum will receive academic warning.

PROBATION. A student whose B.Y.U. record does not meet the minimum requirement and whose record shows a shortage of grade points will be placed on academic probation. Probationary students are not eligible for B.Y.U. scholarships or awards.

SUSPENSION. A student will be suspended from the University if at the end of any probationary semester his cumulative record at B.Y.U. shows a shortage of 12 grade points from that required and his current semester grade-point average is also deficient.

A student, whether on probation or not, will be subject to suspension if the Academic Standards Committee at any time determines that he is deficient in his

academic achievements.

26. Repeating Classes

Following is the policy regarding the opportunity to repeat classes. Students may

A. Repeat at Brigham Young University courses taken at Brigham Young University.

B. Repeat at Brigham Young University courses taken at other institutions. C. Repeat at other institutions courses taken at the same institution—and

then have the credit transferred to Brigham Young University.

When a class has been repeated, the grade used in the calculation of the student's grade-point average is the grade earned the last time the repeated class was taken. The effective date on this policy is September 1, 1963. The student should notify the Records Office that the class has been repeated during the first semester following the semester in which the class is repeated.

27. Class Attendance

The policy at Brigham Young University is that students will attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. All officially excused absences must be approved through the Office of Dean of Students.

28. Grade-Point Values

Α	4.0	В	3.0	С	2.0	D	1.0
A	3.7	В—	2.7	C	1.7	D	.7
B+	3.4	C+	2.4	$\mathtt{D}+\mathtt{C}$	1.4	E	.0

29. Traffic

A. Out-of-state students may register their cars either in their home state or in Utah. If fees and taxes are paid in the home state, students will be exempt from payment in Utah.

B. Students from out of state must register their cars on the campus. If the cars have been properly inspected, the students can get nonresident stickers from B.Y.U. for 50c and will not be required to purchase Utah license plates.

C. Every student who is a resident of Utah and every nonresident student who is in Utah for more than sixty days is required to have a Utah operator's license before he may legally operate a motor vehicle on Utah's

highways.

D. Every student who owns or operates a motor vehicle within Provo City at any time during the academic year must register said vehicle(s) with the University Security Office. Failure to register a motor vehicle is a violation of the University Traffic Regulations.

E. Students will be granted permits to park on campus only when they present receipts from the University Cashier's Office showing that the cor-

rect parking fee has been paid.

30. STUDENT CLASSIFICATION

31. HONORS PROGRAM

(See 1964-66 Catalog of Courses, Pages 41-42.)

32. SCHOLARSHIP RECOGNITION

(See 1964-66 Catalog of Courses, Page 24.)

33. REQUIREMENTS FOR GRADUATION

(See 1964-66 Catalog of Courses, Pages 22-24.)

34. COURSE DIVISIONS. Courses of study are given numbers as follows:

Preparatory and remedial courses	1-99
Lower division courses	100-299
Upper division courses	
Courses for graduates or advanced undergraduates	500-599
Graduate courses	600 and above

Freshmen and sophomores should not take courses with numbers above 299 unless approval has been obtained from the dean of their college.

NEW ACADEMIC INFORMATION

I. Revised Requirements for Freshmen Entering Fall Semester 1962 and Thereafter

Beyond the general education requirements outlined on Pages 15-22 of the catalog, all students graduating from B.Y.U. are required to complete additional hours: either (a) training equivalent to six semester hours of college credit in specified mathematics, statistics, logic, and science courses; or (b) training equivalent to eight semester hours of advanced college credit in one foreign language, three of which may be counted as general education credit in humanities. Completing either (a) or (b) shall qualify a student for either the B.A. or the B.S. degree, whichever has been determined by his major department.

The following courses have been approved to satisfy the mathematics, statistics, logic, and science requirements:

MATHEMATICS All courses 105 and higher Acct. 232 Acct. 332	STATISTICS Statistics 221 Statistics 241 Statistics 330 Statistics 336 Statistics 337 Statistics 432 Statistics 531 Psych. 370 P.E. 462 (statistics courses in other departments with Math. 105 as a prerequisite will also count.)		SCIENCE Bacteriology — all courses Botany 110, 276, 321, 331, 376, 440, 450 Zoology 276, 230, 261, 330, 363, 365, 376, 451 Chemistry — all courses Physics 105, 106, 201, and all numbers above 201 Geology 111, 112, 251, 252, 501 Psychology 374
--	---	--	--

At least one course must be selected from an area other than that in which the student is majoring. This means that all of the hours may come from one department or three separate departments other than one's own major area. The same course cannot satisfy the general education and also the mathematics, statistics, logic, and science requirements.

LANGUAGES

The following courses have been approved to satisfy the language requirement:

Arabic 102, 201	Hebrew 102, 201	Norwegian 102, 201
Chinese 102, 201	Italian 102, 201	Portuguese 102, 201
French 102, 201	Japanese 102, 201	Russian 102, 201
German 102, 201	Korean 102, 201	Spanish 102, 201
Greek 102, 201	Latin 102, 201	

Students who have had high school language experience are encouraged to take the Language Department examinations for advanced placement. (See Orientation Schedule for time and place of placement exams.) Successful completion of a 201 language class or one other advanced class will fulfill the foreign language requirement for graduation. Special sections of language classes are offered for those with high school language training or previous language experience.

II. Latin-American Studies Program

The Latin-American Studies Program as outlined in the 1964-66 catalog has been revised significantly. For information on this revision contact the coordinator, Dixon Anderson, 327 McKay.

FORUM AND DEVOTIONAL ASSEMBLIES

Assemblies will be held in the fieldhouse each Tuesday and Thursday at 10:00 a.m. The Tuesday devotional and Thursday forum assemblies each will carry one credit hour per year or ½ credit hour per semester. To receive credit for either forum, which includes those assemblies presented by the student body, or devotional assemblies, a student must register for and attend eleven each of either the forum or devotional assemblies offered each semester. He also must fill out and sign a final examination card that will be handed out on the last week a forum or devotional assembly is held each semester.

During a student's college career at B.Y.U. he may apply a maximum of four semester hours of devotional credit toward his religion requirement. Such credit, however, cannot be substituted for the courses required in the first two years of religious instruction. (For full instruction on basic requirements in religion see Page 5 of this schedule.) Credit for forum assemblies may be counted only toward total

credit for graduation.

_

These assemblies are designed to promote spiritual, intellectual, and cultural growth; and every student is encouraged to attend them.

ACADEMIC REGULATIONS OF BRIGHAM YOUNG UNIVERSITY

Every student is responsible for knowing the academic regulations of Brigham Young University. Any proposed deviation from these regulations must be approved by the agency concerned, usually the Academic Regulations Committee. This committee meets twice ecah month in the Office of the Dean of Admissions and Records.

1. HOW TO REGISTER

Report to the northeast entrance of the fieldhouse 15 minutes before your scheduled registration time. Written instructions outlining the registration procedure will be given to you at that time.

2. FEES—WHERE PAID

Unless otherwise noted, all fees listed in this statement of regulations and procedures are to be paid at the Cashier's Office.

3. LATE REGISTRATION PENALTY

Students failing to register on the regularly scheduled registration dates pay a late registration fee of \$5.00 for the first five regular school days following the scheduled registration date. A \$10.00 fee will be assessed following that time. Late fees for special students will be assessed at 50 percent of the rate for regular students. A fraction of an hour is counted as a full hour for assessing fees.

4. ADMISSION TO CLASS

Instructors will receive rolls of students in their classes three days after the completion of regular registration. A subsequent roll will be sent out at the end of the second week and will include names of all students registering for that class. Students whose names appear on the rolls are officially registered; others should be referred immediately to the Registration Office, A-153 ASB.

5. REGISTERING FOR BLOCK-PLAN CLASSES

Regardless of whether or not a class is to be taught the first or second half of the semester, any student desiring to register for a block-plan class must do so at the time of his original registration at the beginning of the semester. No block-plan class may be added after Friday, September 20, 1966.

6. DROPPING AND ADDING CLASSES

Students should exercise great care in completing their initial registration. Making changes in registration results in inconvenience for the student and unnecessary costs for the University.

All changes in registration must be approved by the student's adviser, the instructor(s), and the dean of the college in which the student is officially enrolled. Changes in a student's original program may not be made until September 21. During the period from September 21 through September 30, a student may add and drop classes if his adviser, instructor(s), and dean agree that the change is advisable. When a student officially withdraws from a class during this period, his permanent record does not show a registration for that class. In exceptional cases students may withdraw from classes until November 23. Withdrawals after September 30, however, are for emergency reasons only. During this period if a student withdraws from a class in which he is doing passing work, his permanent record will carry a "W." If a student is doing failing work, his permanent record will carry a "W." which is equivalent to an "E" grade in calculating a grade-point average.

In those cases where it is necessary for a student to make changes in registration, the following procedure should be followed:

- 1. Consult with your faculty adviser. If the adviser recommends the change, he will provide a change-of-registration card with his signature.
- 2. Obtain the consent and signatures of the instructors involved.
- 3. Obtain the consent and the signature of the dean of your college.
- 4. Pay a five-dollar fee to the University cashier if the change is made September 19 or thereafter.
- 5. Deliver the change-of-registration card to the registration personnel within three days from the time the card was originally issued, and in any case, no later than 5:00 p.m., Friday, September 30.

Any person dropping a class in religion following the initial registration must also add another class in religion or present a signed statement from the dean of the College of Religious Instruction officially excusing him for that semester.

Late registration of students will end on September 30. No student (unless he has just been released from a mission or active duty with the armed forces) may

register after that date.

Students completely withdrawing from school after September 30 must be doing passing work in each class if they are to discontinue the class without academic failure. In order to officially withdraw from the University it is necessary for students to clear through the Dean of Students Office.

Students who register for either 1st or 2nd block-plan classes during the regular or late registration and desire to make a change must do so by September 30.

1966.

7. EXTRA FEE FOR EVENING CLASSES

An extra fee of \$3.00 per credit hour in addition to the regular tuition is required for all daytime students taking evening classes with section numbers 90 or above. Day students must register for these classes at the time they register for their day classes. Those registering for evening classes only will register, pay fees, and finalize at the Department of Evening Classes offices in the Herald R. Clark Building. Those registering for Evening Classes only should contact the Department of Evening Classes office for registration dates.

8. GENERAL EDUCATION REQUIREMENTS

Requirements	Semester

(For further details see 1966-68 Catalog of Courses, Pages 15-22.)

9. AMERICAN HISTORY AND GOVERNMENT REQUIREMENT

The American history and government requirement applies to all candidates for the bachelor's degree. It may be satisfied by examination or by course work. The examination, which is optional, will be announced in the Daily Universe early in each semester. Students must place in the 90th percentile or above in order to

be exempted from taking the course.

Students majoring or minoring in history, political science, economics, finance and banking, journalism, secondary education (social science) or elementary education take whichever of the following combinations is recommended for their field: History 120 and 121, History 120 or 121 and Political Science 110, or Economics 274 and Political Science 110. Other students may also elect these combinations instead of History 170. A student taking one of these combinations may, for general education group-filling purposes, elect to apply either of the courses to the American history and government requirement and the other to the general education category in which the course is regularly listed.

10. GENERAL EDUCATION REQUIREMENTS IN RELIGION

Two semester hours in religion are required for each full-time registration at B.Y.U. up to a total of sixteen semester hours. Part-time students are required to complete one semester hour in religion for each eight hours carried at B.Y.U.

A. Freshmen and transfer students commencing their first year at B.Y.U. are

required to take the following:

Religion 121, 122. Introduction to the Book of Mormon. (Returned missionaries and upper division transfer students may have the option of taking Religion 421-422, History and Teachings of the Book of Mormon, in lieu of Religion 121-122.)

Sophomores and transfer students who have completed one year at B.Y.U. may choose four hours from the following courses to satisfy the religion requirement.

Religion 211, 212. Introduction to New Testament.

Religion 230, 231. The Gospel in Principle and Practice.

Religion 232, 233. Missionary Approach to the Gospel.

Religion 241, 242. Latter-day Saint History. Religion 261, 262. Introduction to Genealogy.

Juniors and seniors who have completed the required courses and transfer students who have completed the required courses and at least two years at B.Y.U. may choose four hours from the following courses to satisfy the religion requirement.

Religion 301, 302. Introduction to the Old Testament and Its Teachings.

Religion 324, 325. The Doctrine and Covenants.

Religion 327. Introduction to the Pearl of Great Price. Religion 331, 332. Analysis of L.D.S. Teachings.

Religion 365. Applying Gospel Principles in Scouting. Religion 401. Israel's Prophets. Religion 411, 412. Life and Teachings of Jesus, Paul, and the Apostolic Church.

Religion 421, 422. History and Teachings of the Book of Mormon. Religion 441, 442. History and Doctrine of the Church.

Religion 451, 452. Christian History through the 15th Century; Christian History after the 15th Century.

Religion 453. World Religions.

Religion 454. American Religions and the Rise of Mormonism.

Religion 460. Priesthood, Church Government, and Welfare.

- Graduate courses (catalog number 500 and above) and philosophy courses do not satisfy the general education requirements in religion.
- E. Devotional Credit may be taken at the rate of one credit per year. Up to four hours of devotional credit may be used to fulfill the sixteen-hour religion requirement.
- Interpretation of University Policy on General Education Religion Requirements:

1. Freshman and Sophomore Registrations

Although students at B.Y.U. may register for more hours in religion than required in the freshman and sophomore years, and have the extra hours count as elective credit toward graduation, no more than 10 hours in religion can be accumulated in the freshman and sophomore years toward the fulfillment of the University general education requirement in religion. A student must complete 6 hours toward the University requirement during the junior and senior years, part of which may be satisfied by the devotional credit. (See "E" above.)

2. Two-year programs

Two-year programs, such as those offered through the College of Industrial and Technical Education will require only eight hours of religion even though a student may take longer than two years to complete the program. (When transfer credit from an L.D.S. college or institute is used, the combined total must be eight hours. Until the combined total is eight hours, the student must take two hours of religion for each semester he is in residence at B.Y.U.) Students enrolled in the fifth year bachelor's degree, such as engineering, will not be required to take religion in their fifth year. They will, however, be held for the religion requirements up through the completion of the regular four-year program.

3. Transferees from L.D.S. Colleges

Transferees from Ricks College and the Church College of Hawaii have their credit in religion appraised as if it had been taken at B.Y.U. so far as the rule above is concerned. (See Rule 1.) However, they may transfer no more than six semester hours for one year's work or no more than ten semester hours for two year's work

toward the satisfaction of the general education requirements in religion. (See Rule 6 below.)

Transferees from Colleges Which Accept Institute Credit

Transferees from other colleges who present college transcripts of credit for Bible studies taken at L.D.S. Institutes of Religion shall receive full credit for such courses as if they had been taken at B.Y.U. (See Rule 6 below.)

5. Transferees from L.D.S. Institutes

Transferees presenting institute credit in religion for courses other than those accepted by the adjacent college will be appraised as follows: (a) The credit will be accepted on transfer only if the institute director certifies that the course was taken for institute credit and was covered in accordance with college standards, and providing the student does not present more than the maximum number of hours acceptable at

B.Y.U. for a single semester when combining his college and institute credit. If the combined credit earned at a college and institute in a given quarter or semester exceeds that permitted at B.Y.U., the student must indicate to the Office of Admissions and Records the courses for which he desires to receive credit up to the prescribed limit. (See "Limitations on Credit in One Semester," p. 10, University catalog.)
(b) A student may not transfer to B.Y.U. from institutes more than six semester hours for one year's work or ten semester hours for two years' work toward the satisfaction of the general education requirements in religion.

6. Application of Transfer Credit to B.Y.U. Requirements
Acceptable transfer credit (as per Items 3, 4, and 5 above) may be
used to meet the requirements of sixteen hours, but until the combined acceptable transfer credit and the B.Y.U. credit total sixteen
hours, two hours must be taken for each semester in residence at B.Y.U.

7. Special Students
Special students must present one hour of credit in religion for each eight hours of collegiate work completed as a special student. A special student should keep the ratio of one hour of religion for each eight hours of collegiate work completed as a special student and shall be required to keep the rate current at the end of every two-year period. For any term in which a student registers as a regular student (ten hours or more) he must present two hours of credit in religion.

8. Summer School
A student is not required to register for a course in religion in Summer School; however, if he intends to apply the summer work toward graduation, he must present one hour of credit in religion for each eight hours of summer work and two hours of credit in religion for each full summer's work in which he registers for ten hours of credit or more (until he completes the requirement of sixteen semester hours of credit in religion.)

9. Definition of an Undergraduate
A student will be considered an undergraduate, for the purpose of applying the above rules, until either he has received his undergraduate degree or has completed the requirements for graduation.

10. Students Required to Study Off Campus
Students who do part of their collegiate work off campus under the requirements of their respective departments will be required to have two hours' credit in religion for such semesters as they are off campus only when the University provides opportunities for the taking of such courses.

11. Bible Credit from Non-L.D.S. Colleges and Universities

Transfer students coming to B.Y.U. and bringing Bible credit obtained from accredited non-L.D.S. universities and colleges will have this credit accepted by B.Y.U., and it will be applied as elective credit toward the total hours required for graduation. However, regardless of the amount of Bible credit presented, it will not satisfy the general education requirements in religion, such transfer students being required to obtain two hours in religious instruction for each semester in residence on the B.Y.U. campus.

12. Requirement in Religion for Credit Completed at Continuing Education Centers

When credit which is completed at Brigham Young University Continuing Education centers is applied toward graduation, the student must have completed one hour of credit in religion for every eight hours of academic credit which is applied toward graduation.

11. COUNSELING SERVICE

All students in the University, regardless of where registered have the advantages of the Counseling Service. All new students in particular are encouraged to check with the Counseling Service at some time during their first year at B.Y.U. to discuss the results of their orientation tests and other concerns which they may have.

Staff members of the Counseling Service are professionally trained in counseling psychology and related disciplines. Such training enables them to offer professional assistance with problems such as the selection of a major or a vocation, study problems, and personal or emotional problems. Students utilizing the service can be assured of reliable professional assistance and confidentiality.

12. LIMITATIONS OF CREDIT IN ONE SEMESTER

Undergraduate students in good standing may register for as many as 17 hours of credit in any one semester by following the regular registration procedure. The dean of a college may authorize a student who has academic ability of high quality to register for a maximum of 18 hours for the first semester in residence and a maximum of 19 hours for any succeeding semester. Any student who has completed 15 or more hours of college work and who has a cumulative grade-point average of 3.5 (or a 3.5 average in the semester previous to registration) may register, with the consent of his dean, for 21 hours. Auditing of classes, registration by correspondence, or registering for evening classes, or off-campus courses constitutes a part of the student's total registration. Any exceptions to the above rules shall be presented to the dean of Admissions and Records by the dean of the college concerned.

13. EVALUATION OF TRANSFER CREDIT

Most students transferring to B.Y.U. from accredited institutions will have met the general education requirements except in religion and American history and government if they successfully completed a satisfactory general education program as prescribed by the institution previously attended. Deficiencies will be shown on the "Evaluation of Transfer Credit" sent to the student.

In evaluating a student's transfer credits for purposes of general education, the University will recognize and accept all reasonable equivalents of its own approved courses.

All transfer students will have their transcripts evaluated in terms of the B.Y.U. programs and will be notified prior to or during their first semester at B.Y.U. as to the requirements remaining to be completed, if any. Early application is recommended.

14. MAJOR AND MINOR REQUIREMENTS

At the time of his graduation the student must have completed at least twenty semester hours in his major. He must also have completed no fewer than fourteen semester hours in collateral or minor subjects selected from courses approved for this purpose by the department or departments offering these courses and approved by the chairman of his major department.

When the prospective graduate's high school and college work shows evidence of deficiencies in scholarship, breadth of training, or preparation for future activity, the chairman of the department, in consultation with the dean, may prescribe certain additional specified courses according to the needs of the particular student.

15. CHANGING FROM ONE COLLEGE OR MAJOR TO ANOTHER

The student who desires to transfer from one major to another, or from one college to another, may do so, but must clear this change through the deans of the colleges involved. Official change of college or major cards may be obtained from the office of the dean of the college in which the student presently is enrolled. After being properly signed, these cards must be turned in one month prior to the next semester's registration to the office of the dean of the student's new college.

16. WITHDRAWAL FROM THE UNIVERSITY

Students discontinuing registration at the University are required to clear their termination—first, through the office of their dean, and, second, with a member of the dean of students staff. Students withdrawing from the University after the second week must be doing passing work in their classes if they are to discontinue without academic failure. No student is officially discontinued from the University if he has not been signed out by a person authorized to do so by the dean of students. Single students under 21 discontinuing must have a letter signed by their parents authorizing their discontinuance before said discontinuance can be official.

17. WITHDRAWAL REFUNDS

In the event of withdrawal by a student, a refund will be made on the basis of a charge of \$10 (\$5 for a special student) plus a per-day charge of 1.4 percent of the total tuition and fees paid or payable for the semester. The days charged will be the school days beginning with the first day of the semester on which classes were held following the date on which the student registered to the day on which the student reported his withdrawal to the Office of the Dean of Students, both days inclusive.

Any refund due a student because of withdrawal from school will be made only by check, through the mail, two weeks from the date on which the student re-

ported his withdrawal and surrendered his receipt or activity card to the Office of the Dean of Students.

No refund will be granted to a student who is requested to withdraw for disciplinary reasons.

No refund will be made directly to an unmarried student under twenty-one years of age unless the student has the written permission of his parents or legal guardian.

18. REGISTRATION OF STUDENTS WHO HAVE RECEIVED A BACHELOR'S DE-GREE

A student holding a bachelor's degree from a four-year institution after proper admission in the Graduate School may register at Brigham Young University as follows:

- A. Under regular degree-seeking classification.
- B. As nondegree-seeking student.

19. REGISTRATION IN THE GRADUATE SCHOOL

No student may register in the Graduate School unless he holds a bachelor's degree from a four-year accredited institution. Registration packets will be prepared for all students who were enrolled in day school for either of the two previous Summer School sessions or during the preceding semester. All other students must apply for admission or readmission before a packet will be made.

A. Nondegree-seeking students

Nondegree-seeking students register at the table of the graduate dean. His signature only is required on the final registration form. Students taking courses in the fields of education will be referred to the Graduate Department of Education for counsel before receiving the dean's signature on the final registration form. A student must take not fewer than 15 semester hours of credit following his admission on a full degree-seeking basis and the official formation of his advisory committee. Credit that is not recommended by an advisory committee is not acceptable toward a graduate degree.

B. Degree-seeking students

Degree-seeking students, whether admitted on a provisional or a full degree-seeking basis, start their registration in the department in which they have been admitted.

- 1. Students who have not been assigned an advisory committee will register directly under the department chairman or the graduate faculty member designated by the chairman.
- 2. Students who have been assigned an advisory committee start their registration with the chairman of that committee whose signature is required before the final registration card is signed by the graduate dean. Such students will be expected to complete at once, with the approval of the chairman of that committee, the official course outline form, to be secured at the Office of the Graduate Dean. This form lists the full program of course requirements for the graduate degree. When this is completed and approved, a copy should be forwarded to the Office of the Graduate Dean.

Graduate students spending full time on their academic programs are permitted to register for 9 to 16 semester hours of credit during Fall Semester. A registration overload is not permitted.

20. FACULTY REGISTRATION FOR COURSES OF STUDY

A. Full-Time Teaching Faculty
Full-time teaching faculty will be granted remission of tuition with no
limit as to the number of hours, except that a maximum of five hours of
credit will be permitted during the daytime hours. Their wives are granted remission of tuition with no limit as to the number of hours, day or
night. (Husbands of female faculty members are not granted this privilege.)

B. Administrative Personnel
Full-time administrative personnel will be granted remission of tuition
with no limit to the number of hours, except that a maximum of five
hours of credit will be permitted during the daytime hours. Their wives
are granted remission of tuition and fees, with no limit as to the number
of credit hours, day or night. (Husbands of female administrative personnel are not granted this privilege.)

- C. Full-Time Permanent Staff
 Full-time permanent staff members and their wives are granted remission of tuition up to five hours per semester, except that for the staff members these credits may not be taken during regular working hours. During the summer session the same program will be followed except that there will be a limit of three hours of credit per term. (Husbands of female staff members are authorized no remission of fees.)
- D. Part-Time Faculty
 Part-time faculty members (not student teachers) are entitled to receive
 remission of tuition up to the number of hours which they teach, but not
 to exceed five hours. Spouses of part-time faculty members are not entitled to remission of tuition.
- E. Faculty members or their wives who register for course work should do so on registration day, according to the alphabetical order of the day. If faculty members register after the first week of the semester, they will be charged a late fee. Their wives will be charged a late registration fee if they register after registration day. Registration materials will be ready for those who have made clearance with the Office of Admissions and Records at least one week prior to registration.
- F. All part-time staff members must pay the regular fees for registration in courses.

21. FINAL EXAMINATIONS

No teacher shall be authorized to complete a final examination before the officially scheduled time in the final examination week.

A student who misses the final examination must have a good and sufficient reason for so doing and must have the consent of the instructor and the approval of the dean of his college. After meeting these requirements the student shall be given an incomplete which can be removed by later examinations within the official time limits established for incompletes and by the payment of a \$3.00 fee.

22. GENERAL FEES

Full-time Students (over 9 hours for undergraduate students; over 8 hours for graduate students)

	Fall Semester	Spring Semester	School Year
L.D.S. Church Members	\$175	\$175	\$350
Nonmembers	250	250	500

Part-time Students (9 credit hours or less for undergraduate students; 8 credit hours or less for graduate students)

(The tuition and fees paid as a part-time student do not entitle one to health service, student activity privileges or physical education suit or facility privileges.)

	L.D.S. Church Members	Nonmembers
Minimum tuition and fees	\$ 33.00	\$ 49.00
3 credit hours	46.00	68.00
4 credit hours	59.00	87.00
5 credit hours	72.00	106.00
6 credit hours	85.00	125.00
7 credit hours		144.00
8 credit hours	111.00	163.00
9 credit hours	124.00	182.00

All part-time students enrolled in one or more physical education classes must pay an additional \$5.00.

The charge for noncredit courses or for auditing courses is the same as for credit courses. Noncredit courses taken by part-time students will be assessed on the basis of hours involved in lecture classes. For example, three hours of lecture a week would be considered three semester hours and would be charged for accordingly. Therefore, if a student were taking 8 credit hours plus a noncredit class involving two or more lecture hours per week, he would be considered a full-time student and must register as a full-time student. For courses in which no lecture hours are involved—for example, doctoral dissertations—tuition and fees will be handled on an individual basis, to be resolved later.

A fraction of an hour is counted as a full hour for assessing fees.

23. SPECIAL FEES

AUDITING FEES

The charge for auditing courses is the same as for taking them for credit.

LATE REGISTRATION FEE

Late-registration fees will be assessed all regular and part-time students. (NO EXCEPTION IS MADE REGARDLESS OF REASON FOR BEING LATE.)

- 2. After the fifth day following the scheduled registration date\$10.00 Late fees for special students will be assessed at fifty percent of the rate for regular students.

Any student whose checks are dishonored by his bank will be charged a handling fee of five dollars. If the check was for tuition, there will be an additional charge of the late fee in effect at the time the check is redeemed.

REMOVAL OF INCOMPLETE GRADE FEE

If a student does not complete an incomplete course within one year from the date the incomplete grade was given, his grade for the course automatically becomes an "E."

Fee to be paid before incomplete is removed and permanent grade recorded.\$ 3.00

24. JUNIOR ENGLISH PROFICIENCY REQUIREMENT

Each student with more than sixty semester hours of credit who has completed his freshman composition requirement must take the Junior English Proficiency Examination during the first semester in which he is eligible for it. If he fails this examination, he must take a noncredit remedial course during the next semester in which he is a full-time student to correct his deficiency before he may take the Proficiency Examination again. Passing this examination is a graduation requirement.

Since each student should have completed this examination requirement during his junior year, application for graduation will not be considered until the applicant has passed the Junior English Proficiency Examination. Each prospective graduate must complete this examination requirement at least one month prior to graduation or postpone graduation until the next commencement.

The examination is a standard one which measures comprehensively the full range of skills involved in the process of good writing and effectiveness and appropriateness of expression. In one section of the examination the student is asked to identify an error or weakness in a passage and to show that he recognizes the error by selecting a revision from the four choices supplied which most satisfactorily solves the problem in relation to the purpose of the writing. In another section the student is asked to demonstrate his own ability to limit, organize, and develop a topic by writing a theme on a topic supplied by the examiner.

The Junior English Proficiency Examination will be given two times during Fall Semester: Saturday, October 8, 1966, and Saturday, November 19, 1966.

25. ACADEMIC STANDARDS

Students at Brigham Young University are expected to attain the following minimum grade-point average for their particular class in school:

Freshmen (students who have accumulated 31 semester hours of credit or less) are required to maintain a 1.75 (C-) grade-point average in order to be considered in good academic standing.

Sophomores, juniors, and seniors are required to maintain a 2.00 (C) grade-point average on all work beyond the first 31 semester hours of credit.

A student receiving a degree from Brigham Young University must have earned a cumulative grade-point average of 2.00 or a 2.00 grade-point average on all academic work taken after September 1960 before he will be allowed to register for the final semester of work leading to a degree. Grade-point averages are computed on this basis: "A" equals 4 grade points; "B" equals 3; "C" equals 2; "D" equals 1; and "E", "WE" and "UW" each equal 0.

Categories of academic status are as follows:

WARNING. A student whose B.Y.U cumulative grade-point average is above the minimum standard required for his class (1.75 for freshmen and 2.00 thereafter) but whose grade-point average for the last semester was below the minimum will receive academic warning.

PROBATION. A student whose B.Y.U. record does not meet the minimum requirement and whose record shows a shortage of grade points will be placed on academic probation. Probationary students are not eligible for B.Y.U. scholarships or awards.

SUSPENSION. A student will be suspended from the University if at the end of any probationary semester his cumulative record at B.Y.U. shows a shortage of 12 grade points from that required and his current semester grade-point average is also deficient.

A student, whether on probation or not, will be subject to suspension if the Academic Standards Committee at any time determines that he is deficient in his academic achievements.

26. Repeating Classes

Following is the policy regarding the opportunity to repeat classes. Students may

- A. Repeat at Brigham Young University courses taken at Brigham Young University.
- B. Repeat at Brigham Young University courses taken at other institutions.
- C. Repeat at other institutions courses taken at the same institution—and then have the credit transferred to Brigham Young University.

When a class has been repeated, the grade used in the calculation of the student's grade-point average is the grade earned the last time the repeated class was taken. The effective date on this policy is September 1, 1963. The student should notify the Records Office that the class has been repeated during the first semester following the semester in which the class is repeated.

27. Class Attendance

The policy at Brigham Young University is that students will attend classes for which they are registered. Each class instructor may determine the relationship of class attendance to the final grade for the course. All officially excused absences must be approved through the Office of Dean of Students.

28. Grade-Point Values

Α	4.0	В	3.0	C	2.0	D	1.0
A—	3.7	В—	2.7	C—	1.7	D—	.7
B+	3.4	C+	2.4	D+	1.4	E	.0

29. Traffic

- A. In lieu of regular motor vehicle registration, nonresident students, operating motor vehicles in Utah must secure a nonresident student permit.
- B. Nonresident permits may be issued only to students enrolled in the University and registered for sufficient credit hours so as to qualify him or her as a full-time student under the regulations and standards of said institution.

- C. Beginning March 1 of each year, the nonresident student must display the new year nonresident permit and Utah Highway Patrol safety inspection sticker. New safety inspection stickers will be available February 15 of each year.
 - 1. Students qualifying as nonresidents must secure this sticker and show the certificate of inspection to the institution whereupon the institution may issue the nonresident permit for the year—good until midnight of the last day of February of the succeeding year.
- D. Nonresident students found to be disregarding these instructions will be required to register their vehicles in Utah.
- E. Every student who owns or operates a motor vehicle within Provo City at any time during the academic year must register said vehicle(s) with the University Security Office. Failure to register is a violation of the University Traffic Regulations.
- F. Students will be granted permits to park on campus only when they present receipts from the University Cashier's office showing that the correct parking fee has been paid.
- G. Every student who is a resident of Utah and every nonresident student not a resident of a state which is a member of the Driver's License Compact State must have a Utah Driver's License. A resident of a state which is a member of the compact may drive in Utah on his or her valid license from his state of residence.

NEW ACADEMIC INFORMATION

I. Change-of-Registration

In those cases where it is necessary for a student to make changes in registration, the following **new** procedure should be followed:

- 1. Consult with your faculty adviser. If the adviser recommends the change, he will provide a change-of-registration card with his signature.
- 2. Obtain the consent and signatures of the instructors involved.
- 3. Obtain the consent and the signature of the dean of your college.
- 4. Pay a five-dollar fee to the University cashier if the change is made September 19 or thereafter.
- 5. Deliver the change-of-registration card to the registration personnel within three days from the time the card was originally issued, and, in any case, no later than 5:00 p.m., Friday, September 30.

Humanities and Fine Arts.

Six semester hours are required from one or more of the following departments. Only the language classes listed may be used to satisfy this requirement.

Biological Science.

Botany 110

Page 21

Revised Requirements for Freshmen Entering Fall Semester and Thereafter.

Beyond the general education requirements outlined above, all students graduating from B.Y.U. are required to complete additional hours: either (a) training equivalent to six semester hours of college credit in specified mathematics, statistics, logic, and science courses; or (b) training equivalent to eight semester hours of advanced credit in one foreign language, three of which may be counted as general education credit in humanities. Completing either (a) or (b) shall qualify a student for either the B.A. or the B.S. degree whichever has been determined by his major department.

History 351 to be listed under Social Science.

Page 22

At least one course must be selected from an area other than that in which the student is majoring. The courses may be selected from several departments, but if they are all selected from a single department this cannot be the students major department. The same course cannot satisfy the general education and also the mathematics, statistics, logic, and science requirements.

LANGUAGES

The following courses have been approved to satisfy the language requirement:

Arabic 102, 201	Hebrew 102, 201	Norwegian 102, 201
Chinese 102, 201	Italian 102, 201	Portuguese 102, 201
French 102, 201	Japanese 102, 201	Russian 102, 201
German 102, 201	Korean 102, 201	Spanish 102, 201
Greek 102, 201	Latin 102, 201	

Students who have had high school language experience are encouraged to take the Language Department examinations for advanced placement. (See Orientation Schedule for time and place of placement exams.) Successful completion of a 201 language class or one other advanced class will fulfill the foreign language requirement for graduation. Special sections of

language classes are offered for those with high school language training or previous language experience.
